**Borrowdale Trip**

This year saw Langley Park School Boys embark on the 49th Annual Borrowdale trip in the Lake District. A long running and integral part of the vast amount of outdoor education that LPSB is very proud to offer.

During the trip, students are able to take part in three mountain walks and experience climbing, abseiling and gorge scrambling. This year sixty-six students had the privilege of going on the oversubscribed trip. The students impressed staff with their resilience and perseverance and it was a pleasure to watch them blossom and prosper in an environment away from normal school life. It was evident that students came back from the trip with life long memories and new skill sets that should help them in their future lives.

Thirty-seven students made it to the summit of the highest mountain in England, Scafell Pike at 978m. Our students blew the mountain leaders away as they climbed the notoriously steep and long walk of Pillar 892m in 2 ½ hours. Apparently, this is a record time for any school group that rarely attempts its summit. You only had to look at the faces of the LPSB staff who aided the walk to know the pace must have been brutal!

As always, this trip does not happen without the fantastic and selfless staff this school has. Not only do they willingly give up a well earnt rest over the half term, they always throw themselves into it completely. I am very grateful for their hard work and I look forward to welcoming them again next year into the Borrowdale community. Thanks to Mr Guy, Mr Edwards, Mr Phelan, Miss Norton, Mr Haworth, Miss Parr, Miss Snell, Mr Green, Miss Alhinai, Mrs Gauld, Mrs Allen, Mr Taylor, Mr Jackson.

Next year the big 5 0!

Mr Kay

### For the Summer Term

**Extra-Curricular Sports Timetable**

[Click here](#)
Jacob Richards (pictured) has been part of the IQ Ireland Rugby programme that was formerly known as Irish Exiles, or for those born outside of Ireland who are eligible and good enough to be thought of for Irish selection. As part of the programme he has attended training camps and played in various matches against similar ‘Exiles’ teams. This summer Jacob has been selected in the elite group of U18s to compete against the various provincial teams in Ireland (Leinster, Ulster, Connaught, etc.). The camp takes place in Limerick, Ireland in August and from this 2 week tournament and training camp, they will pick an Ireland U18 team for the season ahead! We wish Jacob the very best of luck for this challenge, and congratulate him on his efforts thus far.

Langley created many chances in these games and on another day could have easily won all three but the other teams were simply more clinical than we were and this meant we finished bottom of the group and moved into the 9th and 10th place play off.

After a tough day and long season, the team were keen to finish on a high and this they did winning the play-off match 2-0 and dominating the game. The boys finally managed to put together a performance that matched their ability and the strong Langley support that had been brilliant throughout the day finally had something to cheer about.

Overall, a disappointing day knowing we could have played a lot better and finished in a higher position however, to be the 9th best team in the country is something the team can be very proud of.

U13 Hockey Team Finish 9th in England!

On Friday 17th May, the U13 Hockey team took part in the National Finals in Nottingham after winning the Kent Cup and finishing as runners up in the South region. The ten qualifying teams competed in two groups of five, with a classification match against the team from the other group finishing in the same position.

We were drawn in a group alongside The Perse School from Cambridge, Yarm School from Durham, Bilton Grange from Warwickshire and Kingswood School from Bath.

It was clear straight away in the first match that the standard of the tournament was very high as the team struggled to keep up with the opponents in the first game and held on for a 0-0 draw. Sadly, the next three matches all resulted in close losses losing 1-0, 2-1 and 2-0.

Whigift required 347 to win, but found their progress blocked by regular wickets. Asa Smith recorded figures of 6-2-16-2, and Harry Roberts conjured a marvellous run out as the score crept towards the target. Updates were flying around everywhere as an extremely tense finish approached. Harry Roberts and Noah de Vaux held their nerve, delivering two quality pressure overs to allow Langley to edge home by 6 runs.

This was an excellent fixture, with the boys learning plenty about how to play a slightly longer format and how the margins for error quickly become smaller as the standard improves. This performance shows that this team has a whole host of exciting cricketers who are set to make an important contribution to senior cricket over the coming years.
Cricket Report Cont.

The U14Bs had the opportunity to witness this fixture after their own match versus Whitgift. A superb 33 from Euan Laycock set Langley on their way to posting 112. Laycock was at his best when he was hitting the ball through the covers and was well supported by Jasper Gee. Whitgift’s pinch hitters proved too much for Langley’s bowling attack, who remained accurate throughout and picked up some late wickets in this seven wicket loss.

Meanwhile, the U15Bs were hosting Sevenoaks school in another excellent fixture. Langley batted first, and it was pleasing to see the boys progress from their performance on Saturday, with Louis Conboy in particular making a dashing 36 on their way to posting 157/7. Sevenoaks, and one player in particular who made 76, were flying along. However, a magical spell of bowling from Callum Kempster (5-5) meant that Langley suddenly accelerated to a 44 run win.

Tuesday saw one of the busiest cricket evenings of the season so far, with the U12A, U14A, U15A and 1st XI teams all in cup action. The U12As took on Yardley Court at home and produced their best bowling display to date, restricting the visitors to 81 on the traditionally high scoring Hub 4 pitch. However, Langley lost wickets at frequent intervals meaning that their chase never really gathered momentum and unfortunately fell short.

Both the U15A and U14A teams were involved in tight run chases, with both teams prevailing. The U15A innings was built on a half century from Jack McCrossan (63), with Langley eventually reaching 131/5 after early wickets had fallen. Chiselhurst and Sidcup responded well, and were making good progress towards their target until Isaac Loader intervened. Loader’s wickets and energy in the field transformed this fixture and helped Langley to a 14 run win. This was the second victory of the week for the U15As, who had also defeated Cranbrook School on Saturday, with William East the pick of the bowlers.

The U14A managed to sneak home for the second day in a row, with Freddie Sweeting top scoring with 22 in a low scoring game. Langley were able to starve their opponents throughout their reply, with captain Harry Roberts recording excellent figures of 4-2-6-1 as Langley emerged victorious by 5 runs.

At Dulwich College, the 1st XI were all set for the next stage of the National T20 cup. An already picturesque setting was enhanced by a gorgeous summer’s evening as Langley took to the field.

Dulwich flew out the blocks, taking 23 off the first over, but Will East, the powerplay wizard, showed immense cool and maturity to turn the fixture in Langley’s favour with 4 early wickets.

He was well supported by Sherlock, Jasper and his brother Joe, on a wicket that seemed to favour spin and pace off the ball. Dulwich were still able to counter well in the death overs to post 135 all out.

Langley flew out the blocks after the interval with a blistering 41 from the fast hands of James Sims. The game looked in control at 66/1 at the end of the powerplay, but three wickets in the following 2 overs meant Langley had to knuckle down.

Fortunately, Daniel Murrell (31*) and Tom Mills were up to the task, producing a crucial 33 run partnership when it mattered to guide Langley over the line. This result sends Langley to the area final, where they await the winner of Whitgift and Trinity.

In this action packed week of cricket, arguably the game of the week was played by the U14Bs versus Ravens Wood. With just one ball remaining, and Langley needing one run, the nerves were already tingling, but nobody could have envisaged what ensued. Barrett swung, but missed and remained in his crease, whilst Lewis Powell set off to steal the bye needed for victory. With both batsmen soon to be at the same end, Barrett sprung into action and hurtled towards the non-strikers end, and was able to take advantage of a misfield from the bowler to get home to earn the win.

Elsewhere, the 1st XI enjoyed a more routine victory in the U18 Kent Cup, with Isaac Loader taking four wickets and Sam de Vaux finishing on 46*. 
Swimming

Congratulations to Luke (7B) and Jamie (9A) Cleaver who have put in some sensational performances in regional swimming competitions since the turn of the year and further demonstrate the wide range of sporting talent within the Langley Park community. Competing for Bromley Swimming Club the boys have picked up numerous medals in both County and Regional meets – just rewards for the commitment and effort they have shown to their sport.

At the Kent Championships in January/February Jamie took home the bronze medal in the 800m freestyle (alongside a number of frustrating 4th places in other events) and Luke came away having won the silver for 400 individual medley and a bronze in the 200m butterfly. These excellent results saw both boys compete in the South-East Regional Finals – a significant achievement in itself. Jamie finished with a silver in 200m fly, and bronzes in 100m butterfly, 400m freestyle and 800m freestyle. This outstanding performance has qualified Jamie for the English National swimming championships which take place in Sheffield at the end of July / beginning of August. He has qualified for both the 100m & 200m fly. Both boys should be commended for their recent success and we wish Jamie the best of luck as he prepares for nationals.

A level Art, Photography, Graphic Communication and A level and GCSE Design and Technology
Annual Summer Exhibition.
St John's Church, Eden Park Avenue, Beckenham.
Wednesday 26th and Thursday 27th June 2019

We would like to invite you to save the date of our annual celebration of students’ achievements in A level Art, Photography and Graphic Communication and A level and GCSE Design and Technology.

This exhibition of all students’ work in years 12 and 13 will be opening with two private view evenings on Wednesday 26th and Thursday 27th June between 5.30pm-8.30pm. Our guests will be welcomed and be able to admire the work of our talented young people and to meet the artists as they embark on their careers or further studies accompanied by music from ‘Southside Soul’ and refreshments which will be served throughout the evening events.

The show will be open to the public during the week and takes the students' achievements out to the wider community and beyond.

Entrance to the exhibition is free and we look forward to welcoming you, family and friends to celebrate the students’ hard work and achievements this year.

FINAL REMINDER!
Year 9 Parents/Carers

Dover Trip Payment

Some payments are still outstanding.
Please pay online by sQuid as soon as possible.

Dover Trip Meeting

This will be on Monday 10th June in the Refectory from 7pm.

Many thanks,
Mr Falconer
The Crystal Trip

On Tuesday 21st May, the English Department took a group of 45 Year 7 students to visit The Crystal at Royal Victoria Dock to help prepare them for writing their own persuasive campaigns about the environment. At the forefront of architectural design and innovation, The Crystal is one of the world’s most sustainable buildings which is home to a fantastic interactive exhibition on the future of cities.

Today I learnt how to sustain our cities in many ways, such as saving energy, greening our environment and biometric facial recognition. I also learnt what cities will look like in the future: we will have lots of green buildings that produce clean air and mega hubs that combine all types of travel. We, as a school, could have bright green bins for recycling (so people know), metal water bottles and more water fountains. We should also stop the sale of plastic water bottles on site. I think this was a very educational trip and I will share my findings.
Flynn Beeke, 7Y

The future is tech. By upping the number of renewable energy sources, we can secure a reasonable future for ourselves. We now know that we don’t have to install giant solar panels to save energy, something as simple as switching off a light or turning the tap off can make a difference. The Crystal shows us that change is possible. Reduce, Reuse, Recycle!
James Killick, 7Y

The Crystal trip was fun, impactful and enjoyable. I had a great time exploring London’s most sustainable building which made me think about many things and how we can solve them. As well as The Crystal, we went on the Emirates Cable Car to cross The Thames there and back.
Albert Mott, 7Z

Overall, it was a great experience. The Crystal had many interactive screens and model electric cars of the future. We had a lot of time to play an interactive game in which you work together to run a city. It takes many players so everyone focuses on a different aspect (security, transport, finance, power and water) to try and create a successful and sustainable city.
Rudolph, 7X

I rate The Crystal 10 stars. You could learn all about how to protect the world and how we can make our future better. The cable car was also so cool!
Pratik Dhar, 7Y

Year 8 Science

Mr Gibson’s Year 8 Science class were tasked with producing a model of the Earth showing the different layers for their half-term homework.
The students produced some outstanding work including 3D models, posters and even some cakes!
Head of Chemistry, Mrs Showell, came to look at them and agreed they were all fantastic.
Of note were Jake Addison’s cake, Charlie Nunn’s cake, Isaiah Amosu’s cookie, Charlie Davies’s model and Dylan Power’s model.
All in all a great effort which shows real dedication to Science. Oh and the cakes were tasty!
University of Langley Park 2019 Graphic Communication

Visit to The National Army Museum and The London Transport Museum.

The use of first hand research skills are vital in the visual arts subjects to inspire and excite the students and to encourage the creative juices to flow.

During this week’s University of Langley Park the A level Graphic designers have enjoyed the opportunity to visit two exhibitions in London Museums. On Tuesday 21 year 12 students accompanied by Ms Hamil and Ms Stone visited the National Army Museum in Chelsea to see the Abram Games ‘The Art of Persuasion’ exhibition (and to enjoy a new venue for a lot of the group).

Games was a British propagandist graphic designer who was educated at Saint Martins and was best known for his work produced during his time serving as Official War Poster Artist when he designed over 100 posters.

His work provides a fascinating record of social history. The students enjoyed seeing original art work for some of Games most iconic images and learnt about the processes he used in pre digital design, such as air brushing, gouache and pastel work. They were also able to experience interactive design work using Games motifs.

We also went to the London Transport Museum to see contemporary poster design in the exhibition ‘Poster Prize for Illustration 2019: London Stories’

The students had a great and productive day gathering ideas and research material which will now feed into their current projects and into the coursework component in year 13 which they will begin before the summer break.
Friends

Win £50 EVERY month!

The chances of winning the main National Lottery game are 14 MILLION TO ONE. Why waste a pound on such high odds when you have a much, much better chance of winning £50 every month by joining the Friends 100 CLUB and raising funds for the school in the process.

For a joining fee of £12 you have the chance to win a monthly prize of £50. Additional prizes are awarded if subscription levels allow. The draw takes place at the end of every month (or term end for holiday dates) by the headteacher or one of his deputies. One half of the money raised is distributed as prize money; the remainder benefits the school and its pupils.

YOU HAVE TO BE IN IT TO WIN IT!

Why not join today? It will take you less than 5 minutes. It's simple - Go to http://www.lpsb.org.uk/about-us/friends/100-club/ and register via the Application Form. If you have any further questions, check out the FAQs on the website or email: LPSB100CLUB@gmail.com

Summer Camp 2019

Langley Sport
22nd-26th July
10am-3pm

Run by experienced coaches and teachers
Supported by Specialist Guest Coaches (TBC)

All proceeds of the summer camps will go directly to Langley Sport

- Meet with friends over the summer holidays
- Improve your fitness before the start of the new year
- Hone your existing skills with outstanding coaching
- Wide range of activities including basketball, football and More
- Boys will need refreshment, packed lunch, appropriate clothing including trainers AND studded/moulded boots (LPSB Kit not required)

For more information or to pre-book your son’s place on this year’s summer camp, visit www.lpsb.org.uk/sport/summer-camp or please email: summercamps@lpsb.org.uk

LPSB Ski Trip 2020

Sestriere, Italy
February Half-Term

Staying in the 2006 Olympic Village Hotel (4 Star), Sestriere (Buit for the Olympic Athletes)

- Winter Olympic Resort
- 440km ski pass (includes Montgenevre)
- Doorstep skiing (5 metres)
- 5 days X 5 Hours professional Ski School tuition each day
- Full Ski hire equipment included
- All food provided (Hot lunches in local pizzeria daily)
- Three evening activities (Ice Skating, Tubing, Sledging)

Letters with full details and costings available from reception on Monday 3rd June 2019 – Any questions please contact Mr Peters (HOY 7) or Mr Game (HOY 9)
**End of Year Examinations**

**Years 7-10**

Pupils in years 7, 8, 9* and 10** will sit their End-of-Year examinations during our Examination Week, 10th – 14th June 2019.

Years 7 to 9 will sit their examinations during their normally timetabled lessons.

For year 10, however, we try to give them an idea of the environment they will face in their actual GCSE examinations, most of which they will take in the summer of 2019, so their timetable is amended during this week to allow them to sit full-length examinations in a large examination room. Some subjects’ examinations may fall outside this week, particularly if practical or oral work is being examined.

*The End-of-Year examinations for year 9 in English, mathematics and science have already taken place

** All Y10 pupils have been issued with an individual examination timetable.

---

**Sixth Form**

**Study Leave – Year 13**

Year 13 students are welcome to come into school during Study Leave to attend revision classes or work in the Library or ILAs, but must follow the Sixth Form dress code as normal – this includes a tie and jacket for male students and smart leather shoes for all students. Please note that our dress code also applies for all public examinations.

**Student Finance**

UCAS Applications for Student Finance are now open. Please visit the website: https://www.gov.uk/apply-for-student-finance and complete the application online. It takes 20 working days to process the application.

**External Induction Meetings**

External Year 11 students who have been offered a place in Year 12 at LPSB for September 2019 will be invited to an induction meeting with a senior member of staff in the next few weeks. Students will be contacted directly and informed of their induction meeting appointment time.

**Year 11 Enrolment**

Enrolment for current LPSB Year 11 students will take place on GCSE Results Day, Thursday 22nd August. Enrolment for Year 11 students joining us from other school will take place the following day, Friday 23rd August. Details regarding external enrolment will be provided to students during their induction meetings.

---

**Coming Soon...**

**Monday 17th June**

Year 10 DT Trip
