

## **Post Results Fees**

Exam boards charge fees for Post Results services. Please note that these fees are charged **per examination paper**, rather than for the overall qualification.

Fees vary between exam boards, as each board sets its own charges. The Exams Department will advise you of the fee payable for your request. However, if you wish, you can also view the current fees on the relevant exam board's website using the links below:

If your qualification grade changes following a Clerical Check or Review of Marking, the examination board will refund any fees paid for that application.

Please note that a refund will not be issued if your mark changes, but your overall qualification grade remains unchanged.
