

PRESS RELEASE

Langley Park School for Boys is once again celebrating the exceptional achievements of its Year 11 students, as the Class of 2026 receives a superb set of GCSE results.

Despite the many challenges faced by this cohort—including disrupted learning during the pandemic and the absence of KS2 SATs—our students have demonstrated resilience, determination, and dedication throughout their GCSE courses. Their hard work has paid off, and we are incredibly proud of everything they have accomplished.

With over 200 students receiving their results this summer, the cohort achieved close to 2,000 qualifications in total. Impressively, 27% of all grades awarded were 9–7, significantly outperforming the national average for boys at 20.7%. The overall pass rate (grades 9–4) reached 83%, which is a remarkable 16% above the national average for boys.

The school's commitment to a broad and ambitious curriculum continues to yield excellent outcomes. Particular highlights this year include:

Computer Science	32% grades 9-7	88% grades 9-4
Drama	50% grades 9-7	94% grades 9-4
French	50% grades 9-7	97% grades 9-4
German	39% grades 9-7	90% grades 9-4
Geography	36% grades 9-7	86% grades 9-4
Music	38% grades 9-7	93% grades 9-4
Sports Studies	31% grades 9-7	86% grades 9-4
Triple Science		
Physics	39% grades 9-7	100% grades 9-4
Biology	37% grades 9-7	97% grades 9-4
Chemistry	29% grades 9-7	94% grades 9-4

The core subjects of English and Mathematics continue to perform strongly, with 82% of students achieving a pass in both subjects, and 60% securing strong passes (grades 5 and above). Additionally, 43% of the cohort achieved the **EBacc qualification**, highlighting the school's continued focus on academic breadth and rigour.

We extend our heartfelt thanks to our families, who have supported their children and the school throughout this journey, and to our staff, whose tireless work and high expectations have played a vital role in this success.

Congratulations to the Class of 2026 on a truly outstanding set of results. We look forward to seeing many of them continue their journey with us in the Sixth Form and beyond.

PRESS RELEASE

Message from Ms Munday

The third Thursday in August is always a nerve-wracking time for year 11 student, their families, teachers and, of course, the Headteacher. However, this year group have proved themselves to be excellent students whose hard work, dedication and resilience have paid off and who have achieved stunning results. I am very proud of all of our students who have worked so hard for their results and have enjoyed celebrating with them this morning.

These results would not have been possible without the dedication, expertise and unwavering support of our staff, who continually strive to ensure every student can achieve their very best. I would like to thank our teachers, support staff, families and the wider LPSB community for the encouragement, guidance and care they have provided throughout our students' secondary school journey.

Congratulations to all our students as they take their next steps into Sixth Form, further education, apprenticeships or employment. We are enormously proud of everything they have achieved and look forward to seeing them continue to flourish in the years ahead. On behalf of everyone at LPSB, I wish the Class of 2026 every success, happiness and fulfilment in the next stage of their education and beyond.
